REMARKS

Applicant has amended the specification and the claims of the present patent application to substantially change references made to "exposed" interfaces to "available" interfaces. As can be appreciated by those of ordinary skill within the art, the terminology "exposed" is at least substantially synonymous with the terminology "available" – an interface that is publicly exposed is one that is publicly available. Therefore, no new matter has been introduced via this preliminary amendment.

Respectfully Submitted,

October 22, 2004  
Date

Michael A. Dryja, Reg. No. 39,662  
Attorney/Agent for Applicant(s)
